ENGAGEMENT ANNOUNCED

At a delightful party given last Saturday afternoon, at the Duncan home on South San Fernando Road, the engagement of the hostess, Miss Lois Duncan, to John P. Cate was most uniquely announced.

The date of the important event is to be September 3, and the bride-to-be is receiving unlimited expressions of congratulation and best wishes from the entire community.

Sergeant Cate was with the Aero Squadron and saw "service over the seas" for more than a year, and is as popular with his friends as the bride he has won. We extend congratulations.

HERE'S HOPING HE'S BETTER SOON

The local Nestor of jurisprudence and of journalism, my old friend, Nelson C. Burch, has been on the sick list the past few days. Here's hoping for his speedy recovery. For four score years—and more—my old friend has been a credit to the human race. Clean and clear of thought, he has always stood for the best things in life; has never feared to break a lance with any force of evil that threatened, in his judgment, the best interests of his fellow men. He is one of the noblest sons of the grand old "Show Me" State. That old Missouri town from whence he came also gave to the world that other clear-hearted writer, Eugene Field. Though his form of expression be different, my friend Burch has all of Field's love for the laughter and sweetness of life. Here's hoping to see him right speedily abroad among us once more.—Fillmore Daily Sun.

BRIDE-TO-BE HONORED

Mrs. C. L. Peckham of North Central entertained last Saturday in honor of her niece, Miss Lucile Barnes, whose approaching marriage was recently announced.

The guest of honor received many beautiful gifts, and after a very pleasant afternoon, dainty refreshments were served by the hostess and her daughters, Misses Gladys and Frances.

B. & B. STORE CHANGES OWNERS

Our readers will be surprised to learn that H. W. Butts, the proprietor of Tropico's popular and thriving B. & B. Store, has sold his interest therein and will retire from active business for the present, at least.

Mr. Butts, by his genial courtesy and the excellent grade of the stock carried, has built up a most flourishing business and his friends and customers will learn of this move with genuine regret.

The new owner is Harry H. Owen, who comes here from Long Mont, Colo., and with his family will be a welcome addition both to Glendale's social and business life, and we know he will keep the B. & B. Store up to the high water mark of business it has attained. The change takes place Monday, August 4.

W. E. Anderson is moving his residence building one lot further northwest on the San Fernando Road, preparatory to installing one of the finest and most up-to-date oil supply stations of this section, on the corner of Los Feliz and San Fernando Roads. He will include batteries and auto accessories in his stock.

G. A. R. ENCAMPMENT

The annual encampment of the G. A. R. and W. R. C. is in session at Huntington Beach this week, and, as is usually the case, Glendale and vicinity are there in force, enjoying the programs and reunions and the outing by the sea.

Among the Glendalians noted as "those present" we notice: Commander T. M. Barrett and Comrades Chas. Bock, Wm. Collins, George Cornwell, F. Campbell, H. B. Dewing, J. L. Denney, U. H. Emick, R. L. Foster, Thomas Gillette, R. D. Goss, S. W. Hammon, S. Houdyshel, J. H. Jordan, W. D. Lathrop, R. S. Mulligan, C. R. Norton, B. F. Patterson, Charles I. Pierce, E. G. Putman, T. A. Robinson, A. Sherman, A. W. Scudder, R. N. Taylor, J. A. Taylor, R. C. Tomaw, J. J. Weiler and Wm. Watson, besides many members of the local Relief Corps and Sons of Veterans.

An active campaign has been started to nominate and elect Chaplain C. R. Norton of the Glendale Post to the office of Chaplain-in-Chief at the National Encampment which meets at Columbus, Ohio, in September.

Commander Norton is well fitted for the position which his friends are seeking for him, having served the local organization in that capacity for ten years, the Veterans' Association for five years and the Department for the past two years.

Thomas Gaither of East Cypress, who is in a hospital in Los Angeles, is reported to be in a very serious condition. He has lost nearly 100 pounds in weight and is so weak that they fear to perform the operation necessary.

Jones, W. E. Hewitt, Peter L. Ferry, Ezra Parker and Joe Pagliuso.

RED-HEADED GIRLS AT VENICE

On Sunday, August 17, Venice will stage her second Red Haired Girls' parade. It will be a day of universal sunshine, with the red-haired girl the guest of honor. There will be tall red heads, short red heads, medium red heads, plump and thin red heads and mostly all pretty red heads, that will, in gladsome array, parade down the Ocean Front walk. A great concourse of feminine red tops will be scintillating for the premier honors for the greatest of red haired contests ever held anywhere. Five hundred entries are expected and that they will represent every city and town in Southern California.

Some of last years' winners have entered the fray again, claiming that unless exceptionally different entries are in the contest they will take away the $250 offered as prizes for the event. Some of the winners who were not in the top division are entering in dispute to the premier winners of last year and claim that different judges will see their tresses as the most beautiful. A number of new entries who did not go in last year have been received and it looks as though it will be a spirited race with the judges the victims, for no matter how fair they will try to be, the girls with the Titian hair who do not win will have to be reckoned with. Fast motor cars will be at the rear of the judges' stand following the winning decisions.

Hair of every quality, as long as it has a reddish hue, allows the girl wearing it an entry into the contest. Just a line to the Event Department of the Abbott Kinney Company at Venice will bring a complete list of instructions and information as to the rules of the contest.

The Pacific Electric railway will supply ample transportation from all points for the parade.

One Reason Girls Steal.

This bit of philosophy of a reformed girl thief was contained in an article in the People's Home Journal on the value of the probation law: "A girl can no more live without a few pleasures and pretty possessions than she can without food. Take it from me, girls don't want to steal. If they knew how to earn things for themselves, they wouldn't be bad. Some day there'll be a way found for girls to earn what they need before they get into trouble, not after. Then the whole world'll be different."

It is just and proper that the law governing the character of headlights allowable should be obeyed implicitly and any infraction punished. Previous regulations, because indefinite in language and difficult of safe construction, have been nearly dead letters.

Owners and users now are put on notice that they must have their machines equipped with headlights of a kind, style, type, model or make approved by the state or take the consequences. No allowance will be made for ignorance of the law or mistakes as to what it imposes. Any one can obtain complete knowledge of what he or she may do, or must not do, by getting advice from the Automobile Club. And, if in the least in doubt, no one should lose an hour in seeking such advice.

Under the law, the Motor Vehicle Department must (not may) revoke the licenses of operators or chauffeurs for one year, on receiving proof of driving while intoxicated, or on proof of three convictions for speeding within one year.

Turning in the middle of blocks is forbidden. Motor vehicles must stay fifteen feet behind a vehicle ahead on suburban roads; must signal before making turns, and baggage must not extend more than twelve inches from the left running board. The speed limit is placed at 35 miles an hour, but this speed will not be permissible except in daylight and under restricted conditions.

In order to establish the reformed system without undue inconvenience to those interested, thirty days from July 21 is allowed for adjustment to and full compliance with the law. People who are wise will not defer doing what may be necessary to bring them in line with the new system. All should conform with requirements, as far as possible, at once.

On this account the efforts of the Motor Vehicle Department to apply, administer and rigidly enforce the new law will have the unanimous and vigorous support of our entire citizenry.
